

MILISAV ŠAPIĆ

Frontend Developer | JavaScript Specialist

Belgrade, Serbia | sapicmilisav@gmail.com | +381 63 721 2251

PROFILE:

Frontend Developer with 7+ years of experience building high-performance web applications across modern JavaScript ecosystems and complex WordPress platforms. Focused on clean, maintainable code, pixel-perfect implementation, and eliminating unnecessary API overhead. Comfortable working independently in cross-functional teams with designers, backend engineers, and product stakeholders.

EXPERIENCE:

Del Systems

JavaScript Developer | November 2024 – Present

- Build and maintain components for proprietary ad-tech platform – keeping JS bundle minimal and API calls strictly on-demand.
- Implemented WebSocket-driven live notification system; Stripe payment integration; uPlot dashboard widgets; YAML-based feature flag configuration.
- Enforced client-side form validation across modal/form UIs to reduce unnecessary server requests and improve UX feedback via toast notifications.

Qode Themes

Creative Developer | March 2021 – August 2024

- Owned frontend delivery at ~1 premium WordPress theme/week – leading final QA, animation polish, and cross-browser sign-off before release.
- Engineered scroll-driven experiences (GSAP parallax, velocity scroll, scroll-lock sections) and custom UI components: SVG path loaders, image masking, countdown spinners, custom swipers.
- Proposed animation concepts directly in design meetings; translated static XD mockups into polished interactive interfaces with sub-pixel responsive precision.

Web Developer | September 2018 – February 2021

- Developed Qi Addons for Elementor – a custom WordPress plugin with dozens of bespoke elements, each with full PHP option panels.
- Built niche themes (e-commerce, news, music, restaurants, courses) from PSD/XD to SCSS-styled, fully responsive WordPress themes; extended WooCommerce via hooks and custom archive/product templates.
- Converted complex PSD/XD designs to pixel-perfect, fully responsive WordPress themes with meticulous attention to detail across all breakpoints and browsers.

Support Consultant | March 2018 – August 2018

- Provided technical frontend support for premium WordPress themes to an international customer base, diagnosing and resolving complex CSS, JS, and PHP configuration issues.

TECHNICAL EXPERTISE:

- **Core:** JavaScript (ES6+), HTML5, CSS3/SCSS, React, Next.js (App Router)
- **APIs & Data:** REST, WebSockets, Stripe, uPlot, YAML configuration
- **Animation & UI:** GSAP, Framer Motion, Tailwind, Figma, Pixel-Perfect, Responsive Design
- **WordPress:** Custom Themes and Plugins, Elementor, WooCommerce, PHP, MySQL, Action/Filter Hooks
- **Tooling & Ops:** Git Flow, GitHub Actions (CI/CD), Vercel, Docker, Jira (Scrum/2-week sprints)
- **Learning (personal projects):** TypeScript, Redis, Core Web Vitals optimization

EDUCATION:

BSc in Information Technology – Faculty of Informatics and Computing, Singidunum University (2022)
Previously completed first two years at School of Electrical Engineering, University of Belgrade

LANGUAGES:

- **Serbian** – Native
- **English** – Professional Working Proficiency (B2). Technical communication in international team environments.
